Certificate of Correction of Issued Patent  
- Office MistakeAssistant Commissioner for Patents  
Washington, D.C. 20231

July 2, 2004

Dear Sir or Madam,

We noticed a print error in the inventor's name in the instant issued patent. The correct full names of the first inventor are "CHUI, JIMMY PING FAI" (see signed Oath and Declaration). In the issued patent, the middle name "PING" was mistakenly misspelled as "PIG". In pursuant of 37 CFR 1.322, the applicant would greatly appreciate if the Director could kindly issue a Certificate of Correction to this misprint because it is embarrassing inventor Mr. Chui.

Respectfully submitted,

*Xin Wen*
